Re: Mine Status, Anchor Aquarium, Ebony and Ivory Mine, S/027/025, Millard County, Utah

Dear Mr. Teseneer:

The Division is in receipt of a copy of your July 8, 1998 letter to Anchor Aquarium Products wherein you closed your case file #UTU-070665 for their Ebony and Ivory small mining project, located in the E1/2 of the SE1/4 of Section 9, T23S, R13W, Millard County, Utah.

In July 1998, the Division implemented permit fees for new and existing mining and/or exploration permits. Anchor Aquarium Products subsequently submitted their permit fee to the Division. In a telephone conversation with Mrs. Gehre and a member of our staff, she indicated they did not want their small mining permit closed out. Therefore, the Division will not close our file for this small mining operation. Mrs. Gehre will contact you regarding re-opening your case file for this operation which they wish to keep in an active status.

If you have any questions or concerns regarding this letter, please contact me at (801) 538-5321.

Sincerely,

A handwritten signature in cursive script, reading 'Tom Munson'.

Tom Munson
Senior Reclamation Specialist
